

ABC list

Things I know how to define or do in math

Addition, angles

B

Calculator (use it)

Division

Equations (solve them)

Finite

Graphing on the coordinate plane

H

Inequalities (solve them), integers

J

K

L

Multiplication

Negative numbers

O

Pythagorean theorem, positive numbers

Quadratic formula

R

Subtraction, slope

Triangles

U

Variables

Word problems

X axis

Y axis

Z

Important terms associated with the Industrial Revolution

A

Bessemer (Henry)

Cotton mill, cotton gin, child labor, Clermont

D

England, Eli Whitney

Ford (Henry)

G

H

Interchangeable parts, innovations, internal combustion engine

J

K

L

Manufacturing

N

O

Pollution, power loom, petroleum

Q

Railroads

Steam engine, steamboats, steel

Textiles, technology, transportation

U

V

Wright brothers

X

Y

Z
