

Questioning the author - Blank Template

Questions	Responses and References to the Text
What is the author saying? In other words, what is the main idea? How can I tell?	
Why is the author saying this? Why is it important to know? What does his/her bias seem to be? How can I tell?	
Is the author's writing clear? Why or why not? How could he/she have been clearer or easier for students to understand?	
How would I write this if I were the author?
